4/14/69

Dear Dick,

On getting the copy of your 4/10 letter to John, I did these things:

Got my local gunsmith to send you my clip;
Asked him to send you a supply of Western ammo.

He is sending the clip. If and when you get another, you can return. By then I'll need it. I do not now

He cannot mail the ammo, he says.

I think we should husband the Western ammo that is still available. However, for some purposes, no other will do. I wanted to send it to you for those special purposes and in case the Norma is not locally available.

And I know how it is to have a baby, even though I am not a father!

So, if you want some of this Western ammo, please arrange for shipping that complies with the law here. Possibly your school's protection department is allowed to get it, or some part of the faculty. Or your local police. If John has less of a supply than I, then I will send it.

No word from Lincoln in today's mail.

Sincerely,
